| ÷ | Between 28 January and 7 February 1952, Merseburg airfield was occupie | |
| | by 16 swept-back jet fighters. two-sea planes were also at Merseburg. A wooden shed, about 200 meters long, | |
| | a garage, was under construction in the billeting area. The occupation | n of |
| | the barracks buildings had apparently increased. During the nights of 6 February, ten fully occupied trucks and sedans arrived at the field. | New . |
| | officers were also observed on the way from the railroad station to to | c field. |

| X 1 * | Comment. The current arrival of new personnel is apparently con | mected |
| ~ | with the activation of the fighter regiment at Merseburg airfield. Ac | cording |
| | to previous information, it was believed that only part of the authori- personnel of the regiment had arrived. The report confirms previous | zed |
| | ments that 16 Mid-15s are presently assigned to the regiment. | 10206 |
